ORDER NO. _____

SUBJECT:

DOCKET NO. 2013-298-E - Application of Duke Energy Carolinas, LLC for Approval of New Cost Recovery Mechanism and Portfolio of Demand-Side Management and Energy Efficiency Programs - Staff Presents for Commission Consideration Duke Energy Carolinas, LLC's Request to Amend Its PowerShare Nonresidential Load Curtailment Rider ("Rider PS") to Remove the Limitation on Participating Customers' Demand That May Be Curtailed.

COMMISSION ACTION:

The Company seeks approval from the PSC to amend its PowerShare Nonresidential Load Curtailment Rider. The amendment proposed would remove the 50,000-kilowatt limitation on a participating customer's demand that may be curtailed. DEC states that this would allow the Company to curtail greater amounts of voluntarily participating customers' demand and subsequently increase the program's cost effectiveness for ratepayers.

The Office of Regulatory Staff has reviewed this matter and does not object.
